

**2009/2010**

**Pricing Policy &  
Fees and Charges**

**Adopted by Council  
On 16th June 2009**

## Pricing Policy

Council has adopted a number of Pricing Policies for the goods and services it provides. Nine categories of pricing are in place in relation to the services to the Marrickville community.

The Pricing Categories (PCs) for the services provided are:

1. No fee as all the associated costs are met from general income;  
*For example, Community Halls (non profit use)*
2. The fee partly offsets expenditure with the majority of costs being met from general income;  
*For example, Meals on Wheels, Town Hall Hire (private use), Library Services, Swimming Pools.*
3. The fee recovers a significant amount of the annual operating and maintenance costs;  
*For example, Child Care Fees, Town Halls Filming Fee.*
4. The fee recovers the annual operating and maintenance costs;  
*For example, Photocopying, Business Papers, POPE-Inspection Fees, Amended DA Fees, Construction Certificate.*
5. The fee recovers the annual operating and maintenance costs, and makes a contribution to the cost of replacing any infrastructure associated with the service;  
*For example, Sale of items - Planning Services, Footway Occupation, Street Vending, Replacement Mobile Garbage Bins..*
6. The fee generates an appropriate return on the capital invested;  
*For example, Restoration of Roads & Footpaths ,Civil Works, Temporary Road Closures.*
7. The fee has been set at similar prices charged by other councils;
8. The fee is set by State Government; and  
*For example, D.A.s, Building Certificates, Review of Determination, Stormwater Charge*
9. Prescribed fees set by council  
*For example, Section 94 Contribution.*

Within the Fees and Charges Schedule the goods and services have been grouped and have the relevant Price Code included in the Pricing Policy Column.

## Pricing Strategy

Council has adopted a policy of passing on the full GST on all items where applicable, if practicable to maintain existing service levels. Changes in prices for the 2009/2010 Fees & Charges Schedule have been contained mainly to changes in the cost of providing the service.

No GST has been added for items that are GST-free, or exempted under the Division 81 determination of the Federal Treasury. Council has ensured that its pricing strategy conforms to the Australian Competition and Consumer Commission (ACCC) pricing requirements for the GST.

<b>CIVIL WORKS</b>  Civil Works including Road Excavation and Vehicular Crossings Note : As from 1 July 2002 Council's charges for prepaid and other work carried out by Council include an establishment charge for each worksite plus a flat rate for each of the work components involved. A worksite is considered to be the location related to any number of restoration orders for like materials, submitted simultaneously and not separated by a railway corridor or State Road or other impediment that would prevent them being conveniently undertaken in one operation.  The following table sets out the rationale for charges for works on Council property by others and by Council on behalf of others.					6				
Type of Work	Customer	Who does the work?	Road Opening Permit Fee	Admin & Inspection Fee	Unit Rates	Asset Integrity Charge	Refundable Bond or Deposit		
<b>Road Excavation</b>	Public Utility	Public Utility	No	No	No	No	No		
	Private customer or its contractor	Private customer or its contractor	Yes	Yes	No	No	No		
<b>Restoration</b>	Public Utility	Restoration by Utility	No	Yes	No	Yes See Note 1	No		
		Restoration by Council	No	No	Yes	No	No		
	Private customer or its contractor	Restoration by customer / contractor	No	No	No	Yes See Note 1	Yes		
		Restoration by Council	No	No	Yes	No	No		
<b>Crossing</b>	All	Work by owner / contractor	No	Yes	Yes	No	Yes		
		Work by Council	No	No	Yes	No	No		
<b>Notes :</b>		1. Calculated as 30% of the cost of the work to repair the infrastructure at Council's rates.

<b>Excavation in Council's Roads and Footpaths</b> <b>Road Opening Permit</b> A Road Opening Permit must be obtained by all persons, other than public utility organisations, who Inspection and Administration charge per job (includes 2 inspections – max 30 minutes each) Inspections on weekends (Up to 2 x 30 min. inspections spanning 4 hours max) Additional Inspection Fees (weekdays) - Each <b>Unauthorised Works</b> Surcharge for rectification of unauthorised openings Plus the extent of work at appropriate rates	6	\$24.67	10%	\$2.47	\$27.14
		\$96.16	10%	\$9.62	\$105.78
		\$247.96	10%	\$24.80	\$272.76
		\$59.86	10%	\$5.99	\$65.85
		\$1,763.50	10%	\$176.35	\$1,939.85
		Plus the extent of work at appropriate rates.		Plus the extent of work at appropriate rates.	
<b>Restoration of Council's Roads and Footpaths</b> <b>Restoration Work carried out by Council</b> Note : As from 1 July 2002 Council's charges for prepaid and other work carried out by Council include an establishment charge for each worksite plus a flat rate for each of the work components involved. A worksite is considered to be the location related to any number of restoration orders for like materials, submitted simultaneously and not separated by a railway corridor or State Road or other impediment that would prevent them being conveniently undertaken in one operation. Where a restoration involves several different materials, only one establishment charge is payable and shall be the highest of the charges for the individual materials.  Note : for areas greater than 20 square metres or (where the unit is expressed in metres) lengths greater than 20 lineal metres, Council will provide an estimate of the restoration costs which recognises the economies of scale to be achieved with larger jobs. <b>Roads</b> <b>Asphalt Road - Asphaltic concrete (AC) on fine crushed rock (FCR)</b> ***** Establishment ***** 50mm AC on FCR per sq. meter (minimum) 100AC on FCR per sq. meter (minimum) <b>Reinforced Concrete Road per sq m</b> ***** Establishment ***** Restore concrete road 225mm thick on existing base - per sq. meter (minimum)	6	\$224.32	10%	\$22.43	\$246.75
